

Lifeguard Fluid DCT

High Performance Oil for Dual Clutch Automatic Transmission

Product description:

Lifeguard Fluid DCT is a high performance oil for passenger car double clutch transmissions. It is a full synthetic transmission fluid specially designed for use in a wide variety of vehicles equipped with wet dual clutch transmissions (DCT). It offers outstanding performance, smooth shifting, component protection and friction control as well as excellent wear resistance. The product prevents gear scuffing and ensures excellent lubricating characteristics for clutch friction durability. Its excellent viscosity stability ensures optimal lubrication and helps to maintain optimal viscosity properties at both low and high operating temperatures. Lifeguard Fluid DCT has a very good shear and oxidation stability and provides consistent and reliable operation of the dual clutch transmission systems.

Order No.: 0671.090.567

Order No.: 0671.090.598

Technical Data Sheet

Product code:

0671.090.567 (1L)

0671.090.598 (5L)

Specifications:

BMW: 83220440214, 83222147477, 83222148578, 83222148579;

Ford: 1490763, WSSM2C936A;

Mercedes-Benz: A0019898503, A001989850309;

Mitsubishi: C0002610, MZ320065;

Peugeot/Citroen: 9734.S2;

VAG: G052182A2, G052182A2, G052529A2, G055512A2, G055529A2;

Volvo: 1161838, 1161839;

Characteristics:

Color Amber

Density at 15°C 840 kg/m³

Viscosity at 40°C 32.3 mm²/s

Viscosity at 100°C 6.6 mm²/s

Brookfield viscosity at -40°C 11100 mPa.s

Pour point -50°C

Flash point (COC) 224°C
